Intro

Competitive analysis - The process of studying the strengths and weaknesses of competitors in order to identify opportunities and threats in the market.

Corporate Strategy The long-term plan of a company that outlines its goals and objectives and the actions it will take to achieve them

Talent management The process of attracting, developing, and retaining highly skilled employees in an organization.

A joint venture A business partnership in which two or more companies collaborate on a specific project or business activity.

Restructuring The process of reorganizing a company's operations, management, or ownership in order to improve efficiency or profitability.

Outsourcing The practice of hiring a third party to perform a task or service that is normally done in-house.

Supply chain management The process of coordinating and optimising the flow of materials, information, and resources from raw material suppliers to end customers

Business development The process of identifying and pursuing new opportunities for growth and expansion within a company

Assets Something valuable that a company owns, such as property, equipment, or intellectual property.

Liability Something a company owes, such as a debt or an obligation.

Equity The value of a company's assets minus its liabilities.

Customer retention The act of keeping existing customers loyal to a company or product.

Innovation The introduction of new ideas, products, or processes that add value to a business or industry.

Synergy The combined effect of two or more things working together that is greater than the sum of their individual effects.
